As your partner in business, CIC brings a combination of experience, expertise, and performance that is hard to beat.

The distinguishing difference between a good private investigative firm and an excellent one lies in the quality of its people and the effectiveness of its product. Our employees bring a wealth of valuable experience to work every day, including expertise gained in state and federal law enforcement agencies, giving us the distinct advantage of a highly trained, professional workforce with vast capabilities.

Our mission is "to provide our clients with accurate information necessary for making more informed decisions." We strive to provide that information in a timely, well researched, and professional manner.

Corporate and Business Security and Investigative Expertise

Security Management

Maximize workplace safety and security.

- Development of Workplace Violence Programs
- Crisis Management and Planning
- Active Shooter Training
- Development and Management of Corporate Security (Services available 24/7)

Strike Management and Documentation

Pre-strike Planning is the key to strike survival.

Electronic Eavesdropping Detection

CIC is your fortress against invasions of privacy, corporate espionage, and information theft.

- Detection of Bugs and Taps
- Sophisticated Electronic Equipment
- Today's Most Current Techniques
- Team Members Trained by Top Industry Experts

The threat is real...the downside is huge!

"We have used Corporate Intelligence Consultants for years to help us assess the backgrounds of all our new employees and volunteers. Their professional service goes beyond answering our questions — they have gotten to know us and have been able to anticipate issues right away and have had advice and answers for us. I consider CIC to be more than just a company we do business with — they are our partners."

Mark Brunsmann, VP of Association Services
YMCA/JCC of Greater Toledo
