

THE LONGEST RUNNING LEADERSHIP PROGRAM OF ITS KIND IN THE STATE

DATES: Mondays, January 16 - April 3, 2023
TIME: 5:30 p.m. - 7:00 p.m.
PLACE: 300 Madison Avenue in downtown Toledo,
8th Floor Conference Rooms 807/809
COST: \$499 per person

We believe that effective leadership in the public and private sectors is as important as ever. Leaders must have a strong foundation and the tools necessary to adapt to constant changes and support resilient organizations. **The Institute for Leadership & Advocacy presented by Huntington** is a professional development program designed to help build and strengthen the foundation of our region's leaders to work with public officials and impact our communities. Discussions are led by highly-experienced professionals and regional leaders. **New to the 2023 program will be the development of a collaborative project to address a community problem using information learned during the sessions.** The program also includes no-cost participation in the following opportunities:

- Institute Series – An extension of the Institute program that includes additional sessions through the remainder of the year focused on issues of major business importance to the Toledo region.
- Morning Access legislative breakfast (February) – An opportunity to join Chamber members and network and connect directly with state legislators, county commissioners, mayors, council members and other elected officials.

"I found the Institute helpful in both my professional and personal growth. During our sessions we interacted with influential leaders and gained extensive knowledge of both business and government sectors. I found the Institute valuable in my own professional endeavors and would recommend the program to any individual or organization interested in leadership development."
– Andrea Flowers, Palmer Energy, 2021 graduate

Begun in partnership with The Ohio State University Extension and the Ohio Sea Grant College Program, the Institute for Leadership & Advocacy will begin its 22nd year in 2023.

CHAMBER of COMMERCE

SESSION OVERVIEW

January 16: Introduction & Kick-off

Participants will receive an introduction on what to expect from the course and discuss development of a collaborative project to address a community problem using information that will be learned in the forthcoming sessions.

January 23: Public Service / Conducting Public Meetings

Joseph Lucente, Associate Professor, Community Development, O.S.U. Extension/Sea Grant College Program

A two part discussion about the basic requirements associated with public service, and the principles for conducting public meetings. Topics covered in part one include the responsibilities of public officials and standards of conduct. Part two covers types of public meetings and meeting procedures.

January 30: Leadership Styles & Skills

Sara Best, Principal & Co-Founder, Real Good Ventures, LLC

A discussion about your qualities and characteristics as a leader. Topics include identifying and matching ideal roles based on personality types and communication styles, and understanding your best fit toward achieving satisfaction within an organization.

February 6: Roles in Local Government

Kristopher Ball, Member, Toledo & Lucas County Plan Commissions

Matt Cherry, President, Toledo City Council
Robert Mack, Trustee, Perrysburg Township Board of Trustees
Tonia Saunders, Director, Lucas County Department of Planning & Development

A panel discussion with public officials about seeking and serving in local government roles. Topics include considerations before seeking a role, necessary background and experience, potential for impact, and challenges to prepare for.

February 13: Ethics in Public Service

Mark Wagoner, Partner, Shumaker, Loop & Kendrick, LLP

A discussion about understanding and using ethical behavior in public service. Topics include the importance of ethical behavior, Ohio ethics laws, conflicts of interest, public contracts, and conduct following public employment.

February 20: Diversity, Equity & Inclusion

Jennifer McCary, Chief Diversity & Belonging Officer, Bowling Green State University

A discussion about the importance of including practices to support diversity in public institutions, and leveraging the effects of diversity to achieve organizational priorities. Topics include strategies around supporting fair treatment, equal access, equal representation, and others.

February 27: Smart Cities

Daniel Hammel, Ph.D., Professor of Geography & Planning, The University of Toledo

Sujata Shetty, Ph.D., Director of the Urban Affairs Center, and Professor of Geography & Planning, The University of Toledo

A panel discussion about how communities are preparing for emerging smart technologies. Topics include investing in smart infrastructure and facilities toward promoting regional competitiveness, better serving various populations, and promoting overall quality of life.

March 6: Economic Development

Rebecca Wilson, Attorney, Vorys, Sater, Seymour & Pease LLP

A discussion about the principles and practices associated with fostering economic development. Topics include financing mechanisms, creation and use of special districts, and case studies of economic development successes and challenges.

March 13: Government Finance

Betsy Bashore, Deputy Director, Strategic Support, Ohio Performance Team, Office of the Ohio Auditor of State

A discussion about how government finance works and best practices. Topics include budgeting approaches, benchmarking, getting returns on investment, and achieving results that are impactful.

March 20: Public-Private & Public-Public Partnerships

Ed Harmon, CEO, NAI Harmon Group

Laura Koprowski, CEO, TARTA

Mike Pniewski, County Engineer, Lucas County

A panel discussion about how public-private and public-public partnerships are being used for the improvement of our region. Topics include combining private and public sector expertise toward promoting development, addressing challenges, and providing for community needs.

March 27: Solution Project Finalization

In preparation for presentation at graduation, participants will finalize development of their collaborative project to address a community problem using information from the sessions.

April 3: Graduation

Keynote speaker to be announced
