Team Johnson was founded in 1998, and focused on the dump truck industry. Through various changes and growth, we became one of the largest dump trucks fleets in NW Ohio. With our move to our new facility in Delta, we have expanded to include a stationary wash company for heavy equipment including semi tractors, trailers, construction & farm equipment, as well as your average vehicle. The newest member to our Team Johnson family is the URS Team Johnson Limo Service. Offering a stylish arrival in our 18 or 26-passenger with patio white hummer to various events and special occasions.

small as your driveway stone, to completing multi year projects for the areas premier general contractors.
